- Backpack or Drawstring Bag
- Snacks - Beef Jerky or Granola Bars
- Spending Money (\$10 - \$15 per day)
- Camera, batteries/chargers, cables, etc.

NEED TO KNOW:

- When it comes to Clothing, bring items that withstand trips to the field. You will be hiking near streams in the forest, walking through tall grass, etc. Good, practical, rugged clothing should be the rule. A good raincoat or poncho with waterproof hat and shoes are a necessity. Be prepared for rain; it can be muddy!
- Beds and mattresses are furnished but you will need to bring your own sheet, blankets, and a pillow if you want one. Good sleeping bags will also fit the bill and are recommended, but remember, the nights can get down to freezing and below. **So, come prepared!**
- Spending Money is ultimately a family decision. \$10-\$15/day is fine.
Please note: On-the-go-lunch may be needed based on pick up/drop off times for camp. Opportunities to stop at gift shops or purchase snacks/ice cream at various times during the week will be available.
- Cell phones will work at camp, but reception is limited. iPads, gaming devices, laptops, etc. are not recommended and if you choose to bring one, it is your duty to keep them safe. If your property is lost, damaged or stolen, the camp will not be held responsible.
- Fishing is available at camp. We supply basic tackle, but if you want to bring your own equipment, that is fine. Spin fishing equipment is the best, fly rod equipment next. Heavy casting equipment, bass lures etc., are not practical.

**DO NOT BRING ANY FIREARMS,
AMMUNITION OR ARROWS!**
